SWAROVSKI
ELEMENTS

designers' choice SINCE 1895

For over 120 years, Swarovski the brand synonymous with ingenuity, poetry, and future-oriented crystal technology, has developed its supreme mastery of precision-cutting to become the world's leading producer of cut crystal. In 1895, Daniel Swarovski, a Bohemian jeweler and son of a Czech glass cutter, established Swarovski company in Wattens - the small town high in the Austrian Alps. Ever since its foundation, Swarovski has been a family-owned, independent company.

HAND made chandeliers' parts

MADE WITH
SWAROVSKI
ELEMENTS

BOHEMIA CRYSTAL CHANDELIERS have become a prestigious sign of good taste, wealth, and nobility over the last seven centuries. During the Renaissance, they were bringing radiance to the palaces of the French king Louis XV, the Austrian Empress Maria Theresa, and Elizabeth czarina of Russia. Today, Czech crystal is internationally well recognised for its beauty, innovative design, craftsmanship, and high quality. Chandeliers made of Bohemia crystal glass enhance the brilliance of places like Milan's Teatro alla Scala, Rome's Teatro dell'Opera, Versailles, the Hermitage Museum in St. Petersburg or the royal palace in Riyadh.

Hand-cut from BOHEMIA CRYSTAL glass, the frame, arms, bowls and the central part of our chandeliers, harmoniously complement Austrian ultimate precision of perfectly machine-cut SWAROVSKI ELEMENTS. By exploring the expressive properties and novel possibilities of the glass medium, we have created extraordinary lightings whose brilliance and splendour perfectly combine time-honoured tradition of BOHEMIA CRYSTAL with unprecedented quality of crystal trimmings SWAROVSKI ELEMENTS.

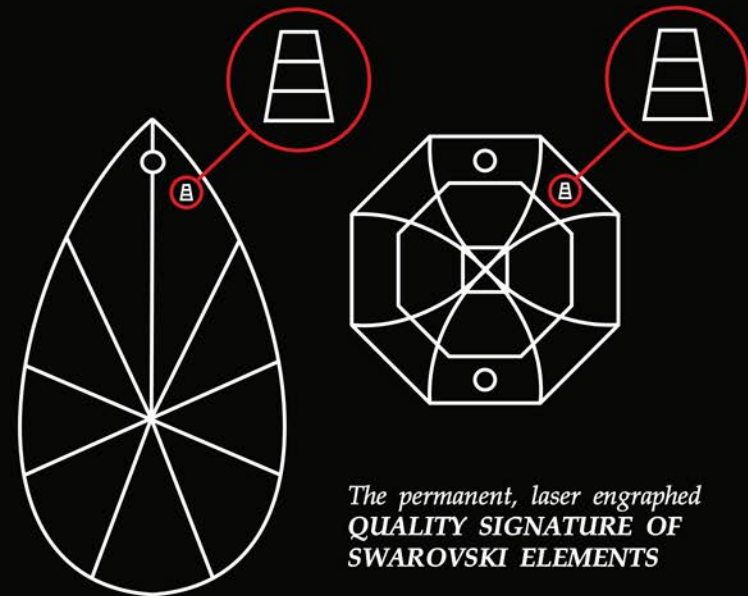

THE HIGHEST quality crystal

the quality SIGNATURE

MADE WITH
SWAROVSKI
ELEMENTS

*The permanent, laser engraved
QUALITY SIGNATURE OF
SWAROVSKI ELEMENTS*

SWAROVSKI ELEMENTS is the premium brand for the finest crystal elements manufactured by Swarovski. To emphasize its premium nature, selected designers and brands are permitted to use the distinctive label "MADE WITH SWAROVSKI ELEMENTS". With this tag manufacturer and retailer guarantees that this product is exclusively trimmed with genuine SWAROVSKI ELEMENTS.

ASSURANCE of ORIGINAL QUALITY. To provide the assurance of original quality, SWAROVSKI ELEMENTS carry the permanent, laser engraved QUALITY SIGNATURE in every trimming.*

**Clear crystal 12mm and above, coloured crystal 18mm and above.*

MADE WITH
SWAROVSKI
ELEMENTS

Throughout its long history, Swarovski has pioneered technologies and accomplished visions that have made waves far beyond the bounds of its own industry. Now Swarovski has made a dramatic change in the DNA of its crystal: the ADVANCED CRYSTAL standard.

ADVANCED CRYSTAL is a pioneering, lead-free crystal formula that combines perfect light distribution with the highest luminosity and colour intensity to form a crystal with infinite brilliance - characteristics that make Swarovski the benchmark within the industry.*

With the development of this market leading formula, Swarovski has created a crystal composition of carefully selected ingredients that does not require the addition of lead, while still providing the same sparkle for which it has been famous for more than 120 years. To choose Swarovski crystal is to choose quality, a healthy environment and be ahead of time.

**Crystal glass and other materials are containing 0.009% lead or less.
Please note: The SWAROVSKI ELEMENTS Lighting assortment is currently changing over to the ADVANCED CRYSTAL standard.*

Maria Theresa

Maria Theresa chandeliers were named after and produced for the famous Austrian Empress from the 18. century, as her favourite type of lighting. Nowadays, you don't need to be an aristocrat to enjoy their noblesse that will certainly touch your heart. Their exquisite effect is evident not only in the churches, hotels or restaurant, but also in the ordinary family houses and apartments.

adjusted to YOUR needs

From iconic couture names such as Coco Chanel, Christian Dior, and Elsa Schiaparelli, to avant-garde, contemporary talents like Christopher Kane and Viktor & Rolf, designers have always favored Swarovski crystal components. They are found at the heart of prestigious collaborations with architects, interior and lighting designers, resulting in a raft of notable achievements.

Some, such as restoration of the opulent Louise XIV chandelier at Versailles, are of historical significance. Others include inventive, avant-garde partnership with leading international artists and designers, such as Yves Behar and the Campana brothers.

Imagine our chandelier adjusted to your needs. Your individually customised centerpiece with SWAROVSKI ELEMENTS. We will work with you to bring your ideas to life; from a simple wall lamp to the largest hotel fittings. Executed in every detail to your brief and to the most demanding time frame.
